

CENTAURI ARTS

Presents an After-School Digital Art Program:

FANTASY WORLD-BUILDING

Join us for an Digital Art program at

[INSERT YOUR SCHOOL'S NAME]

run by a professional digital artist!

Explore art and your own imagination as you build fantastical worlds and create the characters who live there.

Bring your own device and we'll teach you how to use the most popular open-source software to create fabulous original art.

This program is a combination of technique and creativity, and will appeal to art enthusiasts, as well as anyone who loves fantasy role play games.

Have fun with digital art, and fantasy art creation! Older students can use this program to create a portfolio of artwork for university and college applications.

When?

After school. You choose the time, the day of the week and the length of the program.

Where?

We come to your school. There's no need for the students to travel anywhere.

Who?

Centauri Arts works with creative professionals all over the GTA. We have been offering arts programs in schools – and in our camps – for 28 years. All our instructors have VSS checks and extensive teaching experience.

Cost

This depends on the number of weeks – but the fee is around \$25 per student, per week (so, \$200 for an 8 week digital art course, ending in an exhibition of student work). Apply directly through your school.

This program can be adapted for students in grades 5-12, and we are happy to combine grades, too.
